🎯 Career Summary

Detail-oriented and passionate Cybersecurity Analyst with hands-on experience in Security Operations Center (SOC) operations, incident response, vulnerability management, and cloud security. Skilled in using SIEM tools, scripting for automation, and leveraging AI for cybersecurity defense. Seeking a challenging internship opportunity to apply and expand my technical knowledge in a fast-paced environment.

🔧 Core Competencies

- SOC Operations • Threat Detection & Response • Log Analysis (Sysmon, Winlogbeat)
- SIEM Tools (Splunk, ELK) • MITRE ATT&CK • Endpoint Detection (EDR)
- Python Scripting • Security Automation • AI for Cybersecurity
- Cloud Security (AWS, Azure) • IAM • Secure Storage & Workload Protection
- Full Stack Web Development (React, Laravel, PHP, JS) • API Security
- DevSecOps Awareness • Linux Administration • Bash Scripting

👛 Experience

SOC Intern — Torilo Academy (2025 - Present)

- Participated in real-time alert triage and escalations using Elastic Stack.
- Implemented cloud monitoring and detection mechanisms in AWS environments.
- Supported vulnerability scans and remediation tracking.

Personal SOC Lab — Windows & Kali Linux (2025 - Present)

- Deployed and configured a personal SOC environment with Splunk, NXLog, Sysmon, and Winlogbeat
- Simulated real-world log ingestion and correlation for threat hunting

Projects

Weekly SSH System Report Script

- Created a Bash script to audit SSH activity and generate automated weekly reports.

Financial Incident Response Plan

- Designed a comprehensive response framework for fintech data breach scenarios.

Ecommerce Security UI (Vanilla JS + Bootstrap)

- Built secure front-end interfaces while applying security best practices for form validation.

Certifications

- [Google Cybersecurity Certificate](#)
- [Google IT Automation with Python Certificate](#)
- [Google IT Support Certificate](#)
- Cybersecurity Mastery Certificate — In Progress (Torillo Academy)
- CompTIA Security+ (In Progress)

Education

- Cybersecurity Mastery & Ethical Hacking – Torillo Academy (Ongoing)
- Full Stack Web Development – Global Tech Academy, 2024
- B.Sc. Accounting – University of Benin, 2021

Technical Skills

- Cybersecurity: SIEM, Threat Intel, MITRE ATT&CK, Incident Response
- Programming/Scripting: Python, Bash, JavaScript, PHP
- Cloud & DevOps: AWS, Azure, Git, DevSecOps principles
- Web Development: React, Laravel, HTML/CSS, REST APIs
- Tools: Splunk, Wireshark, Sysmon, Winlogbeat, NXLog, ELK, Visual Studio Code
